

This combined program is designed to help international students connect theoretical principles of baking and pastry with practical application. Become skilled bakers and pastry cooks by learning in-depth knowledge and skills to troubleshoot errors and manage product outcomes. Baking and Pastry Arts graduates may find employment in retail bakeries, supermarkets, department stores, artisan bakeries, hotels, camps, and other food-related businesses in roles such as commercial baker, pastry cook, artisan baker, and retail bakery salesperson. International students are not eligible to register in apprenticeship courses at VCC beyond those included in their program.
